

## Reviewer Acknowledgements

Studies in Engineering and Technology (SET) would like to acknowledge the following reviewers for their assistance with peer review of manuscripts for this issue. Many authors, regardless of whether SET publishes their work, appreciate the helpful feedback provided by the reviewers. Their comments and suggestions were of great help to the authors in improving the quality of their papers. Each of the reviewers listed below returned at least one review for this issue.

### Reviewers for Volume 7, Number 1

Alexander Medvedev, Transport and Telecommunication Institute (TTI), Latvia
